Why Do I

Natalie Bassingthwaighte

This is not me at all, I used to be so much stronger Here I am holding on, when there \square s nothing to hold on to now

IDve tried to understand, itDs not making sense

If you don \Box t wanna be here tonight, why do I still want you to stay

If you don \square t wanna reach out your hand, why do I find a wav

If I don $\!\!\!\!$ th have a place in your heart, why do I say maybe in time

If you don $\square t$ wanna give me your love, why do I give you mine

Tell me why do I, why do I, why do I

Always loved the sound of your voice, couldn $\mbox{\tt I}$ t wait to hear you whisper

Always loved you here by my side, you said that it would be forever

It was meant to be forever

If you don \square t wanna be here tonight, why do I still want you to stay

If you don \square t wanna reach out your hand, why do I find a way

If I donOt have a place in your heart, why do I say maybe in time $% \left(1\right) =\left(1\right) +\left(1\right) +$

If you don \square t wanna give me your love, why do I give you mine

Tell me why do I, why do I, why do I

This is not me at all, not like me at all

If you don $\!\square t$ wanna be here tonight, why do I still want you to stay

If you don \square t wanna reach out your hand, why do I find a way (why do I find a way)

If I don $\!\!\!\!$ th have a place in your heart, why do I say maybe in time

If you don $\square t$ wanna give me your love, why do I give you mine

Tell me why do I (tell me why do I) Why do I (tell me why do I) Why do I (Why)

Why do I, why do I, why do I, why do I
