

## It's Crazy

Natalie Cole

I jump up at down, shake out the sun  
Laugh like a loon, everything is fun  
It's crazy, but I'm in love

I act like a fool; what do I care?  
I'll be a fool as long as you're there  
It's crazy, but I'm in love

I spread my wings and then I fly  
All around the city  
The world's my sweet potato pie,  
And I'm sittin' mighty pretty

I sleep by the stars, chase that old moon,  
Fall into of bed hummin' a tune  
It's crazy, but I'm in love
