

# Say You Love Me

Natalie Cole

Say you love me  
Say I'm the one your eyes see  
Tell me you need me  
Deep down inside like I need you

You see I need you to see me through  
I wanna hear you say darling, "Darling, I love you"

So say, say you love me  
Say you love me, yeah, yeah, say you love me  
Say, just say you love me  
Say you love me, say you love me

Through the rain and through the cold  
Together we will never grow old  
Sometimes the going will get a little tough  
And I must admit living with me can be rough

But I, I need you to see me through  
I get off when you say, "Baby, baby, baby, I love you"

Say, say, just say you love me  
Wanna hear you say  
Say, say, you love me

Ooh let me be, I wanna be your woman  
Together we can make a stand, I know, I know  
Let me take your trembling hand  
Somewhere in God's country we'll settle on a piece of land

Because I need you to see me through  
I just wanna hear you say, "Oh, baby, baby, baby I love you, I love you"

Say, say you love me  
Oh, just wanna hear you say, say, say  
Say, say you love me

Say, say, say  
Say, say, say
