

# Always Be Your Baby

Natalie Grant

You were my first love, always there for me  
You taught me how to walk and how to dream  
God gave me your eyes  
But it was you who taught me how to see  
Now I can stand on my own  
But I know that you'll never let go

I'll always be your baby  
No matter how the years fly by  
The way you love me made me  
Who I am in this world  
I'm a woman now, not a little girl  
Wherever this life takes me  
I'll always be your baby

You are my hero and that will never change  
You still can dry my tears with just a smile  
The one I've leaned on  
From my first steps to walking down the aisle  
Now there's another man in my life  
But I know by the look in your eyes

I'll always be your baby  
No matter how the years fly by  
The way you love me made me  
Who I am in this world  
I'm a woman now, Not a little girl  
Wherever this life takes me  
I'll always be your baby

Your faith, your love  
And all that you believe  
Have come to be the strongest part of me  
And I will always be your baby
