

# Born To Be

Natalie Grant

We have all been afraid  
We have all run away  
From the light, wanting more  
We forget the love that we're created for  
Before we even know, we're so far from home

Father heal us now  
God show us how  
To get back to the life that we've been missing  
Jesus light the way  
Teach us today  
To be who we were born to be

We were born then made new  
We were born to be the images of You  
Like the sun and the stars  
So beautifully reflecting who You are  
Help us dare to be the beauty that You see

Father heal us now  
God show us how  
To get back to the life that we've been missing  
Jesus light the way  
Teach us today  
To be who we were born to be

Born to be

There's a fire deep inside us all  
Shaken by the wind, drowning in the rain  
And only you can keep it burning bright  
Only you, only you can light the way

God show us how  
Father heal us now, now

Jesus light the way  
Teach us today  
To be who we were born to be

Father heal us now  
God show us how  
To get back to the life that we've been missing  
Teach us today  
To be who we were born to be

Jesus light the way
