

Dead Alive

Natalie Grant

My hands reach for You
I feel You moving
You're making new
These ruins

And hope inside is rising
All the time I'm finding

You are the love with a deepest affection
You stole my heart, You're my only obsession
Oh, You've electrified my soul
And You're making the dead alive

I'm alive

My voice sings Your praise
The King of glory
I wanna be a page
In Your story
Cause there is nothing greater
Than Your touch, my Savior

You are the love with a deepest affection
You stole my heart, You're my only obsession
Oh, You've electrified my soul
And You're making the dead alive

I'm alive

With precious blood
My debt was paid
Crimson love that forgave
Conquered the grave
And making the dead alive

Yeah, You are the love with a deepest affection
You stole my heart, You're my only obsession
Oh, You've electrified my soul
And You're making the dead alive

I'm alive
I'm alive
And You're making the dead alive
