

# Don't Wanna Make A Move

Natalie Grant

"Lord, Please guide my steps.  
I commit my way to You.  
I wont make a move, until I hear Your voice!"

Don't wanna make a move!

I gotta be on guard cause,  
Who knows what's in the shadows,  
To try and keep me off of this road,  
And lead me astray.  
I want every step to be in the right place  
At the right time!  
So I'm searching for You Lord,  
To guide me every day!

I don't wanna make a move with the faith!  
Don't wanna make a move without the light of truth.  
In the twist and turns along the way,  
I don't, I don't wanna make a move without You!

You got me when I woke up today,  
I was turning through the pages.  
Looking for some Wisdom that might show me  
Where You lead.  
Nothing short of You will satisfy my hunger!  
You can hear me crying out every night,  
From down on my knees!

I don't wanna make a move with the faith!  
Don't wanna make a move without the light of truth.  
In the twist and turns along the way,  
I don't, I don't wanna make a move without You!

In the still and quiet,  
I bow my heart,  
Incline my ear.  
Anything You whisper Lord,  
I want to hear!  
Lord I need to hear You!

I don't wanna make a move with the faith!  
Don't wanna make a move without the light of truth.  
In the twist and turns along the way,  
I don't, I don't wanna make a move without You!

I will follow You,  
Gonna do what You tell me to!  
I need You,  
I will follow you Jesus!
