

# Human

Natalie Grant

Every life has a choice  
To rise up to fill the void  
Every heart has a mission  
And we are called to be human

We gotta do better than this 'cause we only got  
One chance to make a difference  
We gotta do better than this 'cause we only got  
One life that we've been given

A little love, a little kindness  
A little light in this time of darkness  
It'll be what makes us different  
It'll be what makes us human  
I'm human, you're human, we are human

We are marked with His image  
And we are scarred with indifference  
Maybe now we should listen  
Hear the cry of God's children

We gotta do better than this 'cause we only got  
One chance to make a difference  
We gotta do better than this 'cause we only got  
One life that we've been given

A little love, a little kindness  
A little light in this time of darkness  
It'll be what makes the difference  
It'll be what makes us human

I'm human, you're human, we are  
We are human  
I'm human, you're human, we are  
We are human

Gotta do better than this 'cause I only got  
One chance to make a difference  
Gotta do better than this 'cause I'm only  
Just one

I'm human, you're human, we are  
We are human  
I'm human, you're human, we are  
We are human

It'll be what makes the difference  
It'll be what makes us human
