

Here in this world that you've designed
From the rolling plains to the oceans
Deep and wide
Where are the words that can say what's
In my heart
All that I am is amazed by who you are

The one thing I desire
Is just to know you more
To live a life that moves and breathes
And loves to bring you joy
So fill me with a fire
That burns away my doubts and all my fears
Into a place where you are all I hear
It's the one thing I desire
To do what you require
Is the one thing I desire

To love when I'd rather turn away
To give when I'm more resigned to take
To reach out a hand to someone who
Feels alone
The way you reached for me
When there seemed to be no hope

The one thing I desire
Is just to know you more
To live a life that moves and breathes
And loves to bring you joy
So fill me with a fire
That burns away my doubts and all my fears
Into a place where you are all I hear
It's the one thing I desire
To do what you require
Is the one thing I desire

I'll live my life serving Christ
Offering a sacrifice of praise

The one thing I desire
Is just to know you more
To live a life that moves and breathes
And loves to bring you joy
So fill me with a fire
That burns away my doubts and all my fears
Into a place where you are all I hear
It's the one thing I desire
To do what you require
Is the one thing I desire
