

Love Without Limits

Natalie Grant

See the faces in the crowd
Everyone is reaching out
Searching for something that's real

See the souls behind the eyes
Left with no way to disguise
The yearning inside

He loves without limits
Sees us every minute
Wherever we are walking
He is near
His spirit is relentless
His hope for us is endless
I know, I know
He loves without limits

There's no mountain that's too steep
There's no ocean that's too deep
Nothing can keep him from us

He's the lover of our souls
He's the one that makes us whole
Oh, don't you know
If we could only see how far
God will reach to touch our hearts

He loves without limits
Sees us every minute
Wherever we are walking
He is near
His spirit is relentless
His hope for us is endless
I know, I know
He loves without limits

I know, I know nothing can separate us
I know, I know God's love is limitless

He loves without limits
Sees us every minute
Wherever we are walking
He is near
His spirit is relentless
His hope for us is endless
I know, I know
He loves without limits
