## Safe

## **Natalie Grant**

How did you know That I'm all alone today Oh, I feel so scared And I want to go away I bleed so deep underneath My soul is screaming

I'm not gonna hide I'm not gonna run away I'll uncover the scars And show you every mistake Your love is mending my blisters And the bruising shame Here with you I am safe

Drowning the tears Won't make it go away It's robbing my soul I'm taking this mask off my face To discover love And uncover all It means to live and breathe

I'm not gonna hide I'm not gonna run away I'll uncover the scars And show you every mistake Your love is mending my blisters And the bruising shame Here with you I am safe

When you uncovered, I discovered I am not afraid But when we're hiding We end up fighting To be safe

I'm not gonna hide I'm not gonna run away I'll uncover the scars And show you every mistake Your love is mending my blisters And the bruising shame Here with you I am safe
