

## Waiting For A Prayer

Natalie Grant

He's given hope through the ages  
Give sight to the blind  
Brought understanding to sages  
And peace to troubled minds  
To humble hearts, who will call His name  
To all who will believe

He's watching with angels, He's ready to fly  
One word, just a whisper, He's there  
Knock and He'll open, seek and you'll find  
Call on His name, He's the answer  
Waiting for a prayer

He'll give you faith like a fire  
To keep your feet on the path  
And if it's mercy you require  
He'll be the touch of Healing Hands  
To humble hearts, who will call His name  
To all who will believe

He's watching with angels, He's ready to fly  
One word, just a whisper, He's there  
Knock and He'll open, seek and you'll find  
Call on His name, He's the answer  
Waiting for a prayer

Fall on your knees and believe  
The Father hears you when you pray  
Anytime, night or day  
And He will say

I'm watching with angels, I'm ready to fly  
One word, just a whisper, I'll be there  
Knock and He'll open, seek and you'll find  
Call on His name, He's the answer  
Waiting for a prayer
