

What Are You Waiting For

Natalie Grant

Sometimes I get that overwhelmin' feelin'
So sad the faces on TV
If I try to make a difference, would it help anyway?
But then I stop and to myself, I say

So you wanna change the world
What are you waiting for?
Say, you're gonna start right now
What are you waiting for?

Now, it only takes one voice
So come on now and shout it out
Give a little more
What are you waiting for?

Sometimes I feel a little helpless
Seems like I can't do a thing
But anything is possible just you wait and see
Good things happen if you just believe

So you wanna change the world
What are you waiting for?
Say, you're gonna start right now
What are you waiting for?

It only takes one voice
So come on now and shout it out
Give a little more
What are you waiting for?

Someday, somehow you're gonna take that step
'Cause time is ticking away
Right here, right now, before it's too late
Gonna face tomorrow today, yeah, yeah, alright yeah, oh yeah

So you wanna change the world
What are you waiting for?
Say, you're gonna start right now
What are you waiting for?

It only takes one voice
So come on now and shout it out
Give a little more
What are you waiting for?

So you wanna change the world
What are you waiting for?
Say, you're gonna start right now
What are you waiting for?

It only takes one voice
So come on now and shout it out
Give a little more
What are you waiting for?

Ooh, yeah, what are you waiting for?
What are you waiting, what are you waiting

What are you waiting for?
