

# Whisper

Natalie Grant

Always looking for a sign  
A burning bush, a flash of light  
To show me what to do

A voice coming from the clouds  
That'll knock me to the ground  
So there's no doubt it's You

You calling my name  
You pointing the way  
So I don't have to choose

There's no need to pray  
I don't want to wait on You

I'm always looking for the lightning  
For the thunder crashing down  
I'm always wanting easy answers  
Wanna hear You speak out loud

I keep wanting something bigger  
Sometimes I miss Your whisper

I don't ever slow it down  
Stop the wheels from going 'round  
Can't hear You through the noise

You'd think I would learn  
To take You at Your word  
And know Your still small voice

Calling my name  
Pointing the way  
One step at a time

I know I should pray  
I know I should wait on You

But I'm always looking for the lightning  
For the thunder crashing down  
I'm always wanting easy answers  
Wanna hear You speak out loud

I keep wanting something bigger  
Sometimes I miss Your whisper

It isn't always obvious  
Sometimes I gotta learn to trust  
Let it go and listen up

I don't wanna miss Your whisper

I'm always looking for the lightning  
For the thunder crashing down  
I'm always wanting easy answers  
Wanna hear You speak out loud

I keep wanting something bigger  
Sometimes I miss Your whisper

I don't wanna miss Your whisper
