## Within Me

## **Natalie Grant**

When I feel the worlds against me Left me in the cold Thinking I've been forgotten Out there on my own

I close my eyes and in the silence Hear a voice so clear Reminding me your love Is always right here

Within me-then all of my doubts disappear
And there's nothing to fear- your loves
Within me
You gave me strength to believe
That all that I am and all that I'll ever need is
Within me

When my spirit's all but broken I'm humbled to the bone Searching for the grace To find my way home

I take a breath, a slow deep breath
And feel a sense of calm
Then the hurt in my heart is suddenly gone

Within me you wiped away all my tears
There's nothing to fear- your love's within me
It gives me the strength to believe
That all that I am and all that I'll ever need is
Within me
