

# Everything Goes

Natalie Imbruglia

You live your life  
You live like an island  
Satisfied  
You live for the moment  
Here you come  
You make it look easy  
I bet you smile in your sleep  
Are you smiling at me  
You live your life  
You live like an island  
Surrounded by  
Water and silence  
Mmm there you go  
You make it look easy  
I bet you laugh at yourself  
Are you laughing at me

'Cause sometimes anything goes  
When you're looking at me  
And sometimes everything goes  
When you're looking at me

So come on, come on  
Everything goes  
(When you're looking at me)  
Come on, come on  
Everything goes  
(Sometimes when  
You're smiling at me)  
Come on, come on  
Everything goes

Come on

You live your life  
You live like an island  
What is it like  
I wish I could hold it  
Mmm there you go  
Making it look easy  
I bet you like how it feels  
But do you feel me

So come on, come on  
Anything goes  
Come on, come on  
Everything goes  
Come on, come on  
Everything goes

'Cause sometimes  
Anything goes  
When you're looking at me  
And sometimes  
Everything goes
