Everybody's been in my face tellin' me I gotta make a change all I ever hear day and night is "you better hurry up and get a life" I need some direction - 'cause the clock is ticking away then a friend of a friend of mine says I've really been on his mind find wants to go out and check out what the feelin's about says we have a deep connection - well it sure is news to me and all can I say is intuition tells me how to live my day intuition tells me when to walk away could have turned left could haven turned right but I ended up here bang in the middle of real life

then another one always says - she'd do anything to get ahead she doesn't care if she has to scratch and claw to get in the door

she wants her 15 minutes of fame and 20 would be nice but I guess it's her life 'cause intuition tells me that I'm doin' fine intuition tells me when to draw the line could have turned left could have turned right but I ended up here bang in the middle of real life

should have turned left but I turned right and I ended up here and I feel alright you make it hard for me can't find the real you you really think that I can't see what it is that you're going to do
