

# Wild About It

Natalie Imbruglia

Like a song  
Like new boots that I have on  
A blue sky  
Like a stranger that's walking by  
Catching your eye

Could you set me free  
Make a move on me  
Cos someone's getting to ya  
Is it someone getting to ya

I'm wild about it  
I'm wild about it  
(She's wild about it)

I'm wild about it  
I'm wild about it  
(She's wild about it)  
Oh-ah

Like a bomb  
Like fireworks to carry on  
I wanna play  
I wanna let the circus to take me away  
So what do you say

Could you set me free  
Make a move on me  
Cos someone's getting to ya  
Is it someone getting to ya

I'm wild about it  
I'm wild about it  
(She's wild about it)

I'm wild about it  
I'm wild about it  
(She's wild about it)

Come on and just show me  
Take it away  
Take me away
