

# Bird of Prey

Natalie Prass

You plucked me from the vine  
A clean detachment  
And although it wasn't time  
When did it happen?

Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
But to run away  
You are a bird of prey  
With a heart like the night

We had all the world to hide  
In deep fields and tall grasses  
And when you said it feels like time  
Ooh, do you have me?  
And I love you up in the womb  
Oh, you will not let me go  
And then the sun, it sets on the moon  
I can't get you away from me

Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
But to run away  
You are a bird of prey  
With a heart like the night

Ooh, and I never said I didn't want you knocking on my door  
All this run and chase, it's almost like you planned it  
Never have I thought, I'm just telling me before, ooh  
Well, I never said I didn't want you knocking on my door  
All this run and chase, it's almost like you planned it  
It's out of hand it's, ooh, out of my control

Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
Oh you, you don't leave me no choice  
But to run away  
You are a bird of prey  
With a heart like the night

(2x):

I never said  
I never said I didn't want you  
I never said I didn't want you knockin' on my door
