

# Crush

Natalie Walker

Sweet like a warm summer rain  
I cannot deny  
Crush the innocence of me  
Release what's inside

This is strong & sweet  
I wanna keep it goin  
Stop the noise in our heads  
Just take it in  
I know I've been so good  
Walked the straight and narrow  
I cannot turn away  
From whats within

Oh I've sinned against my youth  
I won't apologize for what feels right  
Bit the apple just for you  
My desire won that fight

This is strong and sweet  
I wanna keep it goin  
Stop the noise in our heads  
Just take it in  
I know I've been so good  
Walked the straight and narrow  
I cannot turn away  
From whats within

You can take me anywhere  
I'll let you take me anywhere...
