Empty Road

Natalie Walker

Hear the sound of distant cars Headlights flicker in the dark I've been waiting, waiting for you Waiting for you

One of a thousand promises
I'm alone and I am stoned from
The silence of our empty road
Empty road

Ref:

Maybe it's time for me to tell you

Cause you never thought to ask

I've finally figured out you're not coming back

So I'll move on

But I'll sure miss what we had

You were a best friend
I loved you well
Don't forget
The good life that we once had
We once had

You gave me a safe place
But often circumstances change
Now I'm gonna take my life back
Cause I gave too much of it away

I hear the sound of an empty road Tied in suspense But you'll never show (2x)

Ref:

Maybe it's time for me to tell you...

I hear the sound of distant cars
Headlights flicker in the dark
I've been waiting, waiting for you
I've been waiting, waiting.
