

## Rest Easy

Natalie Walker

Heart beat in harmony  
You have been a light every day  
Heart beat in harmony  
You have been a light in every way

You are my weak in the knees  
Run away  
I cannot breathe  
I won't be afraid of this feeling

In your eyes I can rest easy  
Rest easy...  
Lovely and imperfect  
You looked into my soul and read its words  
Lovely and imperfect  
You looked into my soul and read its words
