

Energy

Natalie

Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy. energy

Boy, I'm digging on your energy (Energy)
And I'm digging what you telling me (Telling me)
So I wrote this little melody (Melody)
And dedicate it to my favorite lover
(2x)

I'm lying in bed
There's thoughts in my head
I'm thinking bout you
Over and over and over and over again
What can I tell you, you got me so twisted
Tossing and turning
Over and over and over and over again
So I wrote a song tonight (Tonight)
You weren't begging me to write (To write)
Tell me is it cool tonight (Tonight)
To let you know what's on my mind

Boy, I'm digging on your energy (Energy)
And I'm digging what you telling me (Telling me)
So I wrote this little melody (Melody)
And dedicate it to my favorite lover
(2x)

Rain and shine sleet and snow
Couldn't stop the way we flow
Welcome to my miracle
And I'm digging on your lyrical
Your melody is my remedy
Squeeze to my Hennessey
The one to call when I'm sipping for
With the candy coated Tennessee
Just make a wish.
And let's make it official with your boy Baby Bash with some heavenly bliss
Because your kisses on my lips, girl I'm ready to roll
With so vicious and bubblicious, the energy's throwed

Boy, I'm digging on your energy (Energy)
And I'm digging what you telling me (Telling me)
So I wrote this little melody (Melody)
And dedicate it to my favorite lover
(2x)

Boy, you know that I dig you
I fell in love when I met you
I love the way you make me feel
Your energy is something real (Fa. sho.)
Boy, I love the way (I love the way)
You make me feel (You make feel)
Is something bout you loving me
Can't do without your energy

Boy, I'm digging on your energy (Energy)

And I'm digging what you telling me (Telling me)
So I wrote this little melody (Melody)
And dedicate it to my favorite lover
(2x)

Energy, digging on your energy
Energy, digging on your energy
Energy, digging on your energy. energy
