Heartbreaker

Please take a step away from me

Don't wanna give it to you

Heartbreaker

Please don't take my song

Ooh, don't wanna give it to you

Baby, you kinda cute

I love your body language

Ooh the way you move

You got me kinda anxious

You know that I know the way you get around is something so outrageous

Ooh, ooh, ooh, ooh, something so outrageous

Ooh, ooh, ooh, ooh, my heart just can't take it

Heartbreaker

Please take a step away from me

Don't wanna give it to you

Heartbreaker

Please don't take my song

Ooh, don't wanna give it to you

Heartbreaker

Please take a step away from me

Don't wanna give it to you

Heartbreaker

Please don't take my song

Ooh, don't wanna give it to you

How much longer can I keep on wantin' the same guy

He puttin' on a disguise

I wanna see what he's like

But the truth behind cunning guys

You never know what just might made him get a try

But I'm afraid I'm just blind

He hit me with a potion

He makes me move in slow motion lately

His love is a commotion, he breaks me

All it took was one shot

He loves me hazy

Heartbreaker

Please take a step away from me

Don't wanna give it to you

Heartbreaker

Please don't take my song

Ooh, don't wanna give it to you

Heartbreaker

Please take a step away from me

Don't wanna give it to you

Heartbreaker

Please don't take my song

Ooh, don't wanna give it to you

Tell me what to do

I could go find another

All because of you  
I'm hangin' on forever  
'Cause you got what I want  
Something that I need to make me feel better

Ooh, ooh, ooh, ooh, make me feel better  
Ooh, ooh, ooh, ooh, but I don't wanna let him

Heartbreaker  
Please take a step away from me  
Don't wanna give it to you  
Heartbreaker  
Please don't take my song  
Ooh, don't wanna give it to you

Heartbreaker  
Please take a step away from me  
Don't wanna give it to you  
Heartbreaker  
Please don't take my song  
Ooh, don't wanna give it to you
