

# Ooh

Natalie

Always thinkin' of you (always thinkin' Of you (ooh, uh, ooh, ooh))  
I jus wanna touch you (I jus wanna touch you (ooh, uh, ooh, ooh))  
anything you want to (anything you want to (ooh, uh, ooh, ooh))  
I just wanna love you (I just wanna love you)  
you make me ooh, ooh, ooh  
baby ooh, ooh, ooh

I'm feeling something that I never felt before  
I ain't toyin' you I want you boy  
I wanna tell you things I've been afraid to say  
I want the moon now if that's okay  
if I could only get one minute of your time  
look in your eyes tell you why  
should let me love you (you should let me love you)  
so deep  
the way that you had me

Always thinkin' of you (always thinkin' Of you (ooh, uh, ooh, ooh))  
I jus wanna touch you (I jus wanna touch you (ooh, uh, ooh, ooh))  
anything you want to (anything you want to (ooh, uh, ooh, ooh))  
I just wanna love you (I just wanna love you)  
you make me ooh, ooh, ooh  
baby ooh, ooh, ooh

I love the way that you bring out the best of me  
just by the way you, the way you speak  
so softly in my ear your driving me insane  
just by the way you, you say my name  
its' unreal, what I feel  
is it okay, if I still  
show you how I want you (show you how I want you)  
I'm so amazed with everything that you do  
boy you make me ooh

Always thinkin' of you (always thinkin' Of you (ooh, uh, ooh, ooh))  
I jus wanna touch you (I jus wanna touch you (ooh, uh, ooh, ooh))  
anything you want to (anything you want to (ooh, uh, ooh, ooh))  
I just wanna love you (I just wanna love you)  
you make me ooh, ooh, ooh  
baby ooh, ooh, ooh

Oooh-ooooh, baby  
I just wanna love you, yeah, yeah, yeah  
ooooh-ooh, oooooh-ooh, I just gotta touch you (feeling you)

Always thinkin' of you (always thinkin' Of you (ooh, uh, ooh, ooh))  
I jus wanna touch you (I jus wanna touch you (ooh, uh, ooh, ooh))  
anything you want to (anything you want to (ooh, uh, ooh, ooh))  
I just wanna love you (I just wanna love you)  
you make me ooh, ooh, ooh  
baby ooh, ooh, ooh
