

You're The One

Natalie

You're the one that I'm always gonna love
And you're the one that I'm always thinking of
It's so wonderful to know, beautiful to know
You're the one
(2x)

I remember the first time
That I really looked you in your eyes
I was thinking to myself
There will never be nobody else, yea

And from the moment that we touched
You had me wide open with your love
This simple way you grabbed my hand
I'm so greatful that you are my man, yea

And I don't want you loose you
I'll do anything at all
Baby boy, You know I really do need you
I'm always here when you call

You're the one that I'm always gonna love
And you're the one that I'm always thinking of
It's so wonderful to know, beautiful to know
You're the one

Now my whole life has changed
Since you came around boy, it's so great
The way you make me feel within
I'm so thankful that we're more than friends, yea

And when you hold me
it's so real
Remember when you told me
How you feel
Staring face to face
It's such a blessing
I'll do what it takes, yea

What it takes to keep you
I never wanna let you go
Baby boy you know I can't be here without you
I cherish everyday we grow

You're the one that I'm always gonna love
And you're the one that I'm always thinking of
It's so wonderful to know, beautiful to know
You're the one

I can't wait to be alone with you, close to you
I just want to stay with you
I feel ok, you make my life complete
I'm telling you, I'm needing you
I can't wait to be alone with you, close to you

You're the one that I'm always gonna love
And you're the one that I'm always thinking of

It's so wonderful to know, beautiful to know
You're the one
