

Can't Fall Down

Natasha Bedingfield

I'm at the point of almost breaking now
I've knocked on every door in this cold town
(Yeah)

The higher you go the harder you fall
If I wanna be safe then I just stay small
Wanna grow to the sky where it's beautiful
But I can't see that from the forest floor

How can I hold it together
When nothing I try makes it better
I just wanna lay here forever
Cus if I don't get up, then I can't fall down

There is no manual for a broken heart
I want to use it but it's all in parts
(Oh)
The more you fall in, The harder to see
If this time it's different will I want to release
And I don't know if I have it in me
To love again in a face of defeat

How can I hold it together
When nothin I try makes it better
Just wanna lay here forever
Us if I don't get up then I can't fall down
(Yeah yeah yeah, oh)
(And if I don't get up I won't let me down)

Hope is irresistible
Hope is irresistible
Cus if I don't get up one day I will some how

Nothing I try makes it better
I just wanna lay here forever
Cus if I don get up then I can't fall down
And if I don't get up it can let me down
(No no no)
If I can't get up now one day I will somehow
Cus if I don't get up one day I will somehow
