

# Try

Natasha Bedingfield

Don't throw it away just because it's broken  
'Cause anything can mend  
Don't call it a day just because the road's blocked  
Doesn't mean we're at the end  
If it's something you love, you don't leave it  
If it's something you care for, you keep it  
It's never too far, it's never too late  
To tell someone "you're the only one"  
And even if it's hard, just never give by  
If you love someone, then you try try try try  
Don't jump the train just because it's not moving  
Doesn't mean you're on the wrong track  
I'll always remain even if the wind blows  
Just, please, remember that  
If it's something you love, you don't leave it  
If it's something you care for, you keep it  
It's never too far, it's never too late  
To tell someone "you're the only one"  
And even if it's hard, just never give by

If you love someone, then you try try try  
I won't let go, I won't give up  
And if we fight, we'll only fight for us  
Might not have much  
But what we got is more than enough  
'Cause what we got is love  
It's never too far, it's never too late  
To tell someone "you're the only one"  
And even if it's hard, just never give by  
If you love someone, then you try try  
Then you try  
And even if it's hard, just never give by  
If you love someone, then you try try try  
Don't throw us away just because we're broken  
'Cause anything can mend
