

# Rollercoaster Ride

Natasha Thomas

Sometimes I feel our love is strong  
Sometimes I think our love is wrong  
Are we really meant to be  
Or should I break free  
I never quite know which way to turn  
So far there's just one little thing that I've learned

It's never gonna stop, this crazy thing called love  
It's a rollercoaster ride  
At one point I'm on the side, next thing I'm almost flying  
It's a rollercoaster ride  
Sometimes I'm up sometimes I'm down, sometimes I'm spinning 'round  
And it's never gonna stop, this thing called love...

Sometimes I almost hit the breaks  
but then I think 'bout what's to steak  
You're the only one I love  
So I decide not to stop

It's never gonna stop, this crazy thing called love  
It's a rollercoaster ride  
At one point I'm on the side, next thing I'm almost flying  
It's a rollercoaster ride  
Sometimes I'm up sometimes I'm down, sometimes I'm spinning 'round  
And it's never gonna stop, this thing called love...

Changed my mind about a million times, I wanna walk away but my  
hearts wants to stay, so I don't know  
I'm never quite sure 'bout which way it's gonna go

It's never gonna stop, this crazy thing called love  
It's a rollercoaster ride  
At one point I'm on the side, next thing I'm almost flying  
It's a rollercoaster ride  
Sometimes I'm up sometimes I'm down, sometimes I'm spinning 'round  
And it's never gonna stop, this thing called love...

It's never gonna stop, this crazy thing called love  
It's a rollercoaster ride  
At one point I'm on the side, next thing I'm almost flying  
It's a rollercoaster ride  
Sometimes I'm up sometimes I'm down, sometimes I'm spinning 'round  
And it's never gonna stop, this thing called love...
