

# Keep It G.A.N.G.S.T.A.

Nate Dogg

A gangsta's for every day  
So make sure that you keep it, G-A-N-G-S-T-A  
And now that I know the game  
I'll make sure that I keep it, G-A-N-G-S-T-A

Me and the ghetto where the poor people hang  
Please pay attention they do ghettoish thangs  
One out of three, yep a third of 'em bang  
The other motherfuckers they be slanging that cane  
Always out for money 'cause the money's the game  
Eastside homey it's a Long Beach thang  
You heard me right nigga this is DPG  
With the superwoman standin' claimin' CPT

I-I, promise I'ma keep it G  
Rep my south team, hands in the street  
Recognise game, and they recognise me  
'Cause a G like me comes naturally  
Tho-ose, haters try to hate on me  
But they got no choice but to do right by me  
There's no way o' dividin' me  
'Cause my OG's in the streets gon' ride for me  
I-I, promise to do ghetto things  
'Cause I'm the closest thing to ghetto in this industry  
That's why I be chillin' when it's 90 degrees  
While ya keep shit poppin' how I ride this beat  
And people always saying to me  
How can I tell I'm really a G?  
'Cause an OG told a gangsta  
A gangsta told a playa  
A playa told Nate  
And Nate just said to me

A gangsta's for every day  
So make sure that you keep it, G-A-N-G-S-T-A  
And now that I know the game

Nate Dogg reppin'  
(Look!) X to the Z

I'm shifty, versus runnin' a buck 50  
Tryin' to get large enough bank to get Britney  
I'ma do Britney like Bobby did Whitney  
Fuck her whole life off, donate my kidney (Yeah!)  
Wake up to vodka, crash with the whiskey  
My name holdin' to much weight, you can't lift me  
Came from my first out ghetto with King Topsy  
Hold a torch over my city, you can't miss me  
Niggas say fuck me but can't fuck wit' me  
Twist this shit, make your finger tips sticky  
I need me a wify, shit I mean wifey  
I'm so fucked up I couldn't read my own writin' (Heh)  
Clash of the titan, (Yeah!) no propaganda  
Big sosa hummin' for you Tony Montana  
T-shirt, khakis, tucked in bandanas  
Livin' amongst the most scandalous on the planet (Yo!)
