Kiss Me Quick

Nathan Sykes

Baby, I've been searching
Searching through these crowds
To maybe find someone who knows what I'm about
All these excuses, too young to settle down
So it's crazy what you got me doing now

Hold up baby
You know you drive me crazy
And I want everybody to know

I'm down
Nobody's looking right now
Ain't no time for messing around
But it won't take a minute
Baby come kiss me quick
Let's act out feeling, right here
Make this unforgettable
Baby come kiss me quick

No we don't know what tomorrow's gonna bring
So don't put the pause on giving everything, yeah
You got me hooked on your P.D.A.
Wait a minute, wait a minute
Before you go away, baby

Hold up baby
You know you drive me crazy
And I want everybody to know

I'm down
Nobody's looking right now
Ain't no time for messing around
But it won't take a minute
Baby come kiss me quick
Let's act out feeling, right here
Make this unforgettable
Baby come kiss me quick

Kiss me quick baby
Kiss me quick baby
Kiss me quick baby
Baby come kiss me quick

Put your lips right here
Then your body will follow
Put your hands on my face
Don't worry about tomorrow
Make sure you're feeling that magic
Before you disappear
You got me baby
You got me baby

I'm down
Nobody's looking right now
Ain't no time for messing around
But it won't take a minute
Baby come kiss me quick

Let's act out feeling, right here
Make this unforgettable
Baby come kiss me quick

Kiss me quick baby
Kiss me quick baby
Kiss me quick baby
Baby come kiss me quick
