

Bedroom

Nathaniel

I am all yours tonight
Oh yeah
And know what we're doing is classified
Alright yeah
We don't need to speak
We don't need to sleep
You can have me on repeat
I'll show you what I need

Touch you like you dreamed it
Give you just what you needing
I can keep a secret
All you gotta do is lose control
What we do they'll never know
'Cause it stays in the bedroom

You can have it any way, oh yeah
Show me
I'm happy to, never regret it, oh baby
We don't need to rush
We can keep it between us
You can have me on repeat
I'll show you what I, I'll show you what I mean, baby

Touch you like you dreamed it
Give you just what you needing
I can keep a secret
All you gotta do is lose control
What we do they'll never know
'Cause it stays in the bedroom

Open your mind, won't be lonely tonight
I'll open your mind, you won't be lonely tonight
Open your mind
In the bedroom
Won't lonely tonight
In the bedroom, bedroom
I'll open your mind
In the bedroom
You won't be lonely tonight

Touch you like you dreamed it
Give you just what you needing
I can keep a secret
All you gotta do is lose control
What we do they'll never know
'Cause it stays in the bedroom (2x)

Open your mind
In the bedroom
Won't lonely tonight
In the bedroom, bedroom
I'll open your mind
In the bedroom
You won't be lonely tonight

You won't be lonely

In the bedroom
You won't be lonely
In the bedroom
You won't be lonely
In the bedroom
You won't be lonely
In the bedroom
