

# Don't Let a Good Thing Go

Nathaniel

No color, color will ever be the same  
No lover, lover can make me feel this way  
No dollar, dollar can buy more than this  
No other, other could ever take your place

It terrifies me cause I feel weak  
And it's so strong  
It gets inside me, wanna do right  
But it goes wrong

When I'm out in the rain screaming at your door  
When I'm banging the walls like an animal  
When I can't speak, I'm trying to let you know  
Oh, oh, don't let a good thing go  
Don't let a good thing go!

No better, better  
I'm falling on my knees  
What ever, ever you wanna do to me  
I'll never, never give up on us  
No river, river could swallow up this love

It terrifies me cause I feel weak  
And its so strong  
It gets inside me  
But it just keeps coming out wrong

When I'm out in the rain screaming at your door  
When I'm banging the walls like an animal  
When I can't speak, I'm trying to let you know  
Oh, oh, don't let a good thing go  
Don't let a good thing go!

I don't want this love to fail  
Telling you before it's too late

When I'm out in the rain screaming at your door  
When I'm banging the walls like an animal  
When I can't speak, I'm trying to let you know  
Oh, oh, don't let a good thing go  
Don't let a good thing go!

I don't want this love to fail  
Telling you before it's too late
