

Extinct

Nathaniel

We got endangered hearts
And I don't know what to do
We can't get back to the start
We got everything to lose

Don't let this fade in memory
Don't wanna be just a page in history
I want you, I want you
Gotta be, gotta be out of our minds
What we're throwing away, we must be blind
I urge you, I urge you

Tell me baby how the hell we gonna save this
What we do right now is gonna make or break it
There's no way that we can fix it when it's gone
Tell me now, are you in?
Before our love's extinct
Before our love's extinct
Before our love's extinct
Before our love's extinct

Don't matter what the cost
This is priceless what we got
And baby what hurts the most
We'll never know it till it's lost
Oh no

Don't let this fade in memory
Don't wanna be just a page in history
I want you, I want you
Gotta be, gotta be out of our minds
What we're throwing away, we must be blind
I urge you, I urge you

Tell me baby how the hell we gonna save this
What we do right now is gonna make or break it
There's no way that we can fix it when it's gone
Tell me now, are you in?
Before our love's extinct
Before our love's extinct
Before our love's extinct
Before our love's extinct

Before our love's extinct
Before our love's extinct
Before our love's extinct

I'll face the floor and I
Can't watch you disappear
My heart is beating loud
But it falls on deaf ears
Give me something
Say something
Before it's too late
It's too late
It's too late

Tell me baby how the hell we gonna save this
What we do right now is gonna make or break it
There's no way that we can fix it when it's gone
Tell me now, are you in?
Before our love's extinct
Before our love's extinct
Before our love's extinct
Before our love's extinct
