

You

Nathaniel

Oh
You got me goin' round
Goin' round in circles
Yes you do, baby
On and on every time
I see you, I get nervous
Oh

Whisper in my ear tonight
You know how to make me feel perfect, yeah
Put your lips up next to mine
Only you know just how to work it, yeah

'Cause baby you-ou-ou-ou you make me feel alright
Yes you do, baby
You-ou-ou-ou you make me feel alright
Yes you do

You got the power girl
I'm under your control now
Yes I am, yes I am
Just take your time and treat my body like your playground
Yeah

Whisper in my ear tonight
You know how to make me feel perfect, yeah
Put your lips up next to mine
Only you know just how to work it, yeah

'Cause baby you-ou-ou-ou you make me feel alright
Yes you do, baby
You-ou-ou-ou you make me feel alright
Yes you do

Only you can make me fall to my knees girl
When I'm with you I can finally breathe, yeah
I want you to take over, I want you to take over me
When the lights go down

'Cause baby you-ou-ou-ou you make me feel alright
Yes you do, baby
You-ou-ou-ou you make me feel alright
Yes you do

It's you, it's you
Only you can make me feel this way
Feel this way, feel this way
Only you, only you
