

Scanning atrocities
Through the eyes of a vile man
Seeing patients turning into victims
Their lives reduced to paper sheets
That blood consecrate in money
Coward like a vulture
Foretasting his next carcass
Betray the trust of those who need care
Transforming them into a source of richness

Unprincipled acurgies
Clinical savagery

Squeezed until the last drop
Deadly deceitful surgery
God complex rules his will
Corruption in the flesh

Anesthesia is vanishing
Unlocking the doors
Of their hell in earth
Aftermath awaking mutilated
Deprived of some internal organs
Without any reason
Lives destroyed will not be refund
