

Black Metal Suicide (claws Of Perdition)

Nattefrost

(In) a suicidal haze
Unreal like a torturous dream
Old stinging mental wounds
Still raw and (fucking) bleeding

Drowned in the womb of misery
The mother of depression
The slaughterer of all hope
The grim death of compassion

Sell your soul to evil
Sell your soul to SATAN
The claws of perdition
A black metal suicide

A dead empty stare -
Into the ruins of my world
A world I have already left
So many fucking years ago...

Final Sodomistic death-score
A mouthful blood ejaculation
So painful and perverse
A black metal Suicide!

Abuse your soul!!
Abuse yourself!!
