

## Mass Destruction

Nattefrost

Vicious times of turmoil  
Faces in despair  
All is left in ruins  
All is laid to waste

Mass-Destruction  
A conqueror in flames  
Mass-Destruction  
This is Death !!

Chemical warfare  
Global Death  
Human pesticide  
Strangled with Poison !

Mass-Destruction  
A conqueror in flames  
Mass-Destruction  
This is Death !!

I cross the fields of hate  
Mile after mile, worldwide  
A cold dying sun  
Pandemonium !!!  
Mass-Destruction  
A conqueror in flames  
Mass-Destruction  
This is fucking Death !!
