

## Satanic Victory

Nattefrost

Satanic Victory  
The Death of hope  
Hellish sinner, the earth in flames  
The soul is burned  
Stigmatized , Satanized  
Life is Hell  
Forever cursed and haunted  
Vile Suicide visions  
Leaving this earth  
Satanic pride, satanic possessions  
Satan claims your soul  
Satan, ruler, master

"This is War, victory is ours, Destroy Everything"
