

# Universal Funeral

Nattefrost

The night is near, a night of Hunger  
This is a funeral for the unknown  
Bleak as winter, dead as the Moon  
The presence of Evil lies in the air  
The power of Satan is everywhere  
The gates to Hell are open  
Hell is here

Condemned to Hell  
Hell on earth,  
Satanic pride,  
Black Bestial visions  
Universal Death,  
Total Evil  
Destruction and doom  
Universal Funeral

Heaven fall, eternal flame  
Morbid lust, embrace Death  
Death I eat the flesh, I burn the skin  
The ultimate pleasures of Hell  
The darkest desires unleashed  
Heaven fall, eternal flame  
Morbid lust, embrace Death, Death  
("A universal requiem, Hell is here")
