

Human Being Human

Natural

Karma took the day off
Keep your heads up
I'm not joking
They don't give you many
I don't take any
I don't know nothing I can't lie
I'm good inside
I even cry sometimes

I'm too real
I'm too human being, human
I'm too real
Just a human being human
Being me

I don't know what you'd call it
Fear of falling, paranoia
I watch were I'm walking
And who I'm calling
You never do know I can lie
I'm good inside
I even cry sometimes

Just a human being human being me, being me
