

# Human Being Human

Natural

Karma took the day off  
Keep your heads up  
I'm not joking  
They don't give you many  
I don't take any  
I don't know nothing I can't lie  
I'm good inside  
I even cry sometimes

I'm too real  
I'm too human being, human  
I'm too real  
Just a human being human  
Being me

I don't know what you'd call it  
Fear of falling, paranoia  
I watch were I'm walking  
And who I'm calling  
You never do know I can lie  
I'm good inside  
I even cry sometimes

Just a human being human being me, being me
