Boys in the Band

Nazareth

Hey, you, who are you talkin' to Hey, boy, haven't you heard the news No one can fight more than these boys No one can bite more than these boys

Hey, hose, who do you want to know Hey, punk, get off my case and go No one can fix more than these boys No one can kick more than these boys

The boys in the band

You can back down
Yours is no disgrace
No slack clown
It's time to close your face

Hey, now, what have you got that's new Come on boy what are you trying to prove No one can take more than these boys 'Cause no one can shake more than these boys

The boys in the band

You can break down
Yours is no disgrace
No slack clown
It's time that you knew your place

Come on break down
'Cause yours is no disgrace
No slack clown
It's time to close your face
