

## Free Wheeler

Nazareth

I'm a freewheeler, I'm an underground dealer  
I'm the kind of guy you never get to know  
You can quit thinking about stoppin' my drinkin'  
You know, I'll go the road I choose to go.

No one's ever gonna rearrange me  
No one's ever gonna try to change me  
You know, I'll go the road I choose to go.

I'm a free lover, living undercover  
When things get hot, I have to move out fast  
When they know I'm lyin', the women come cryin'  
But still I go the road I choose to go.

No one's ever gonna rearrange me  
No one's ever gonna try to change me  
You know, I'll go the road I choose to go.

I'm doin' fine, takin' my time  
I don't want to settle down  
No, no, no.
