

Just to Get into It

Nazareth

I know that she don't like me
She knows that I don't care
I could mistreat and bad mouth that woman
Turn around and she'd be there
She ain't got no pride she don't even try to hide
What she does
It's a buzz

To be seen in your limosine
She'll do strange bedroom scenes
She likes rock 'n' roll, she would give her all
Just to get into it
Her head's full of rock 'n' roll dreams
She's exactly what she seems
She likes rock 'n' roll, she would give her all
Just to get into it

Hangin' around hotel bars
Droppin' someone's name
Usin' those lines that you heard before
Playin' the same old games
She ain't got no style
Eyes that never smile
Feel like you're on trial
She ain't worth while

To be seen in your limosine
She'll do strange bedroom scenes
She likes rock 'n' roll, she would give her all
Just to get into it
Her head's full of rock'n'n roll dreams
She's exactly what she seems
She likes rock 'n' roll, she would give her all
Just to get into it

She wants to interview
Says the world should know your views
With someone you can see right through
She's just comin' on
Tryin' to pretend that it's
Just a yawn
Ah, come on
