

# Keeping Our Love Alive

Nazareth

Cmon make my day  
That's what she said, pointing her gun  
Your lucks on the run  
Some fast talkin, quick step walkin, roadblocks ahead

You may say Im guilty but I try  
Keepin our love alive

The judge and jury  
The accused in fury--clutching at straws  
Its all for the cause  
Circumstances blew your chances  
Its understood

You mat say Im guilty but I tried  
Keepin our love alive, keepin our love alive

Treadin through the grapevine  
Sendin you a lifeline  
Don't let it go

You may say Im guilty but I tried  
Keepin our love alive  
Keepin our love alive
