

Other Side Of You

Nazareth

I say black and you say white
I turn to the left, you move to the right
No matter what I do
I'm always on the other side of you
I'm always on the other side of you

I want to play but you like to fight
I rise in the morning, you hide in the night
No matter what I do
I'm always on the other side of you

Like parallel lines, so near yet so far
Like north pole and south pole, we're oceans apart
I'm always on the other side of you

You let go, I try to connect
You always remember, I try to forget
I'm always on the other side of you.
