

## Place In Your Heart

Nazareth

Is there a place in your heart left for me? Is there  
someplace where the parking sign says free?

Maybe there's just one little spot  
Maybe some corner that you forgot

Is there a place in your heart left for me?

Well I know you have so many you could choose from  
There's always flowers lying by your door  
I Bet you your phone it never stops  
I Bet you're the queen at the local hop

I bet you get valentines but never keep the score!
