

Stand By Your Beds

Nazareth

I'm gonna keep it in the family
Gotta straighten my face
Wanna keep it in the family
Savin' my disgrace
Like a tick-a time bomb inside a'me
Been to the mount, seen the other side
Money back, number one, guaranteed
Sole-satisfied

Gimme, gimme, gimme it all
Gimme, gimme, gimme it all

Everybody celebrate, stand by your beds
By your beds
Easy access, easy led, stand by your beds
By your beds

Y'know its nothin' new I'm telling you
Its always been around
Its the home made milkshake
Apple pies 'n' lemonade
Never turned down

Gimme, gimme, gimme it all
Gimme, gimme, gimme it all

Everybody celebrate, stand by your beds
By your beds
Easy access, easy led, stand by your beds
By your beds

Gimme, gimme, gimme it alll
Gimme, gimme, gimme it all

Everybody celebrate, stand by your beds
By your beds
Easy access, easy led, stand by your beds
By your beds
