Talk Talk

Nazareth

Driftin in the streetlight Dancin in the twilight zone Dreamin of a spotlight Dont wanna go back home

Joe and his buddies are hangin around

Bad reputation all over the town All they ever gonna do Is talk, talk, talk

Lucy and debbie and donna and joyce Bad reputation the same as the boys All they ever wanna do Iswalk, walk, walk, walk

Standin on the sidwalk Starin at the storefront signs Waitin at the bus stop, truck stop The hurry up and wait stop They dont mind

Tony and billy and johnny and sam Struttin and showin they dont give a damn All they ever gonna do Is talk, talk, talk

Cindy and sunny and sally and sue Thinkin theyre somethin, theyre better than you All they ever wanna do Is walk, walk, walk

Theyre lookin forward and movin backwards fast They gotta have a future cos sure as hell aint got no past But in the meantime

Theyre lookin forward and movin backwards fast They gotta have a future cos sure as hell they got no past

They always have a good time
They never get a wake up call
Theyre hangin out at maisies and daisies
They always love the crazies
That aint all

Tony and billy and johnny and sam
Struttin and showin they dont give a damn
But all they ever gonna do
Is talk, talk, talk

Cindy and sunny and sally and sue

Thinkin theyre somethin, theyre better than you

All they ever wanna do

Is walk, walk, walk, walk
